In order to provide you with the best service and to carry out the purposes described in this Privacy Notice, your data may be transferred:

- between and within Alpha Carnegie entities;
- to third parties (eg advisers or other Suppliers to the Alpha Carnegie business);
- to overseas Clients;

We want to make sure that your data are stored and transferred in a way which is secure. We will therefore only transfer data outside of the European Economic Area or EEA (i.e. the Member States of the European Union, together with Norway, Iceland and Liechtenstein) where it is compliant with data protection legislation and the means of transfer provides adequate safeguards in relation to your data, for example:

- by way of data transfer agreement, incorporating the current standard contractual clauses adopted by the European Commission for the transfer of personal data by data controllers in the EEA to data controllers and processors in jurisdictions without adequate data protection laws; or
- by signing up to the EU-U.S. Privacy Shield Framework for the transfer of personal data from entities in the EU to entities in the United States of America or any equivalent agreement in respect of other jurisdictions; or
- transferring your data to a country where there has been a finding of adequacy by the European Commission in respect of that country's levels of data protection via its legislation; or
- where it is necessary for the conclusion or performance of a contract between ourselves and a third party and the transfer is in your interests for the purposes of that contract (for example, if we need to transfer data outside the EEA in order to meet our obligations under that contract if you are a Client of ours); or
- where you have consented to the data transfer.

To ensure that your personal information receives an adequate level of protection, we have put in place appropriate procedures with the third parties we share your personal data with to ensure that your personal information is treated by those third parties in a way that is consistent with and which respects the law on data protection
